ON - Condominium Data Input Form - ONWE	No error message on selection restrictions.
NB - Formulaire de données - Résidentiel	Second page under DIMENSIONS DU(DES) BÂTIMENT(S) : there is no text box to fill anything in. Also on # SÉRIE DE MAISON MINI/MOBILE.; Page 4 top right, under Toiture, you are able to click all the check boxes, only should be able to check 1. Also on pg 4, under Property Excludes, it is very very small.
ON - 592 - DR	Page 2 - Columns two and three state Check 1, but you can check 1 for each section. Page 3 - Area Influencers says Check 2, but you can check all options. Page 3 - Comments sections use less than half the space. Page 4 - Comments section uses less than half the space.
ON - 292 - DR	Page 1 - Form says to check up to 2 options for Exterior, but you can select all, Page 2 - Form says to check up to 6 but you can select all options for both Property Features/Area Influencers and for Building Amenities, Page 2 - Selecting "900-999" option allows you to have a second option picked. Page 2 - Basement section allows you to pick all options when the form says to pick up to 2 options. Page 3 - Following areas allow you to fill less than half the selected area for character count testing.
ON - 590 - MLS® Data Information Form - Commercial - Sale	Page 2 - Character count test does not use enough of the space. Page 2 - Columns for Category and Use both indicate to Check 1 option, but allows for multiple items to be checked. Page 3 and 4 - Character Test count does not use enough space, Page 8 - Checkbox not selectable
AB - Residential Saskatchewan MLS® Data Input Form #300 - RALD	Street type drop-down not populated with options, Occupancy only allows one selection when it should be all applicable, Additional option for Row/Townhouse: Single Level Multi-Level not saving to PDF
NB - Matrix Residential Input Form - Detached, Semi's, Mobile/Mini, Multi Family, Townhouses (Condo) - NBGMR	None of the fields that have a max selection above 1 are actually restricted to that max selection. I've included one screenshot below, and more in the attachments. I'm not sure if we can do this, I just imagine if it does have the upload feature and someone selects more than the max it could cause a challenge.
SK - Saskatchewan In-House Data Input Lease Form - #600 (Rev. 01/2020)	Selling agent not populating
AB - Multifamily MLS® Data Input Form #700 - RALD	The street type does not have any dropdown options, Under occupancy on bottom of first page, it says "check all applicable" but only allows you to click one. Top of page 2-Â building type does not save. Flooring construction does not save
